

Clutch Highlights the Top B2B Service Providers for Sustained & Fast Growth in Special Report

December 4, 2020

Clutch, a B2B ratings and reviews platform, recognizes service providers for their absolute revenue growth and ability to deliver.

WASHINGTON, DC - December 4, 2020 - In an inaugural ranking, Clutch aggregated revenue from the top companies on the platform to rank the highest-growing B2B providers.

Clutch is highlighting the 100 fastest-growing companies and the top 100 sustained-growth companies.

The 100 fastest-growing companies rank is based on their absolute revenue growth rate from 2018 to 2019, while the top 100 sustained-growth companies rank is based on their absolute revenue growth rate from 2016 to 2019.

Companies on this list are headquartered in the United States, Australia, India, Poland, and other countries across the globe. Over 50% of the companies have fewer than 50 employees, and nearly 10% have companies with over 1,000.

The fastest-growing companies are skilled in a variety of segments including mobile app development (24%), SEO (9%), web design (4%), video production (4%), and more.

The leaders featured on the sustained-growth list specialize in custom software development (27%), web development (9%), UX/UI design (6%), branding (4%), and other services.

“The Clutch 100 growth lists represent the top service providers based on revenue growth over the years,” said Clutch Founder Mike Beares. “Their recognition is only possible because of their willingness to participate and their commitment to delivering the best services to their clients.”
